

79. (canceled)

80. (canceled)

REMARKS:

Claims 39 through 42, 44, 47 through 49, 51, 53 through 56 and 59 now stand for prosecution in this patent application. Claims 43, 45, 46, 50, 52, 57, 58 and 60 through 80 are hereby canceled. Claims 1 through 38 were previously canceled.

The Examiner has rejected claims 39 through 80 under 35 U.S.C. 112, second paragraph, as being unduly multiplied. Further, the Examiner has required that Applicant select no more than 20 claims for prosecution in this application.

Applicant has canceled independent claims 60 and subclaims 61 through 80 depending therefrom, and also has canceled claims 43, 45, 46, 50, 52, 57, and 58, thus leaving fourteen claims standing for prosecution in this present patent application. An earnest effort has been made to reduce the number of claims in order to help simplify the prosecution of this application.

Applicant notes the Examiner's comments regarding the Information Disclosure Statement.

In light of all of the above, Applicant submits that the application is in condition for allowance and respectfully requests prosecution toward that end.

If it would help in the prosecution of the present patent application, Applicant invites the Examiner to call collect at the above telephone number.

Respectfully submitted,

Fern Beauchamp
